Relations between the Islamic Republic of Pakistan and the Republic of Turkey

The people of both countries have friendly relations which date back centuries before the modern states of Turkey and Pakistan were established. Both nations maintain extensive social, cultural and economic cooperation. In spite of the geographical distance, Turks and Pakistanis have had a cordial relation; Pakistanis have always been called 'brothers' in Turkey. Pakistan's founder Quaid e Azam Mohammad Ali Jinnah expressed admiration for Turkey's founding leader Mustafa Kemal Atatürk and also a desire to develop Pakistan on the Turkish model of modernism and secularism while Mr. Jinnah is also honoured as a great leader in Turkey. On 26 October 2009, Recep Tayyip Erdoğan was awarded the Nishan-e-Pakistan and was the fourth world leader who spoke to the Pakistani parliament.

In the aftermath of the 2005 Kashmir earthquake, Turkey stepped up its efforts to help the Pakistani people of the affected areas. In response to the 2010 Pakistan floods, Turkey gathered support from all over the world for flood-hit regions of Pakistan. Apart, from the state and its organizations, a number of Turkish businessmen also initiated aid campaigns for Pakistan.

Rumi Forum Pakistan

Rumi Forum is a Turkish-founded intercultural dialogue platform established in the year 2006 for fostering cultural and educational exchange. Rumi Forum adopted its name from (Mevlana – as known in Turkey) Jalaluddin Rumi whose message of love and universal acceptance is globally cherished and recognized. Besides Rumi’s messages of love, tolerance and peaceful coexistence, Rumi Forum’s mission is also inspired by the thoughts of a Rumi-devotee and a heartfelt man of wisdom Allama Muhammad Iqbal who advocated the togetherness and mutuality of the peoples of Pakistan and Turkey. In this context, a series of events such as panel and round table discussions, conferences, seminars, exhibitions, cultural functions and Masnavi reading circles are held.
Prof. Dr. Muhammad Mukhtar Vice Chancellor the Islamia University of Bahawalpur and Founding Chairperson Inter-University Consortium for the Promotion of Social Sciences Arts & Humanities Visit to Turkey

The Rumi Forum Pakistan invited educationalists from various institutions of Pakistan for an exclusive cultural study tour to Istanbul, Turkey during the last week of September 2012. Major objectives of this tour were to apprise participants with ongoing developments in Turkey and provide insight towards the faith-inspired, non-political initiatives encouraged by M. Fethullah Gülen for education, harmony and peace at home and across the world; prior to the forthcoming conference, "Ideal Human and Ideal Society in the Thoughts of M. Fethullah Gülen" scheduled to be held at the University of the Punjab on November 21, 2012. I had a unique opportunity to be part of this prestigious group and spent five extensively busy days in Istanbul visiting educational institutes both basic and higher education, cultural places, historical mosques, meeting with media personnel and learning about the role of print and electronic media in transforming Turkey into fast progressing Muslim nation while preserving its rich historical traditions.

Our visit to Istanbul included spiritual, historical, informational, educational and technological avenues. Pilgrimage to the tomb of Hazrat Abu Ayub Ansari (RA) and particularly, visit to the Topkapi Museum was a life time spiritual experience. Sacred relics of Hazrat Muhammad (Peace be Upon Him), His companions and followers collected by Ottoman Sultans are preserved in this museum. Furthermore, this palace also depicts life style of Ottoman kings as well as documents the grandeur of the Ottoman Empire. Turks educational system has been developed keeping in mind their historical values and national pride as the top priority. An educational park in Istanbul, the Miniatürk is the World's largest miniature park having landmark historical buildings and a unique experience for visitors and young generations to learn about Turkey's past and present. Our visit to basic education setups highlights teaching paradigm based on humbleness and respect for society. We had an opportunity to see higher education institutes like Fatih University, Marmara University and Suleyman Shah University. The Syllabi and teaching methodologies remind us that Turkish education system is not less than any developed nation. Our group was privileged to visit media outlets like Zaman Daily Newspaper, Cihan News Agency, Turkish Review, Journalists & Writers Foundation and Samanyolu TV Network. All these networks exercise high level of ethical and moral standards and always strive to devise programs benefiting humanity. Visit to Kimse Yok Mu (Is there anyone to help me?), an Aid and Solidarity Association remind us our Edhi Foundation. Overall, it was inspirational experience to see Turkish institutions running in line with the vision of M. Fethullah Gülen. We all jointly felt the warmth of friendship Turkish brothers showed to us and unanimously were of the opinion to have more collaboration & cooperation in educational sector and several other avenues. This will further strengthen our already existing historical and cultural linkages based on common ideology.

Message from Mr. Harun Köken  
Chaiman Rumi Forum

It is my privilege to have the honor of sharing my views on this unique day when we are celebrating Iqbal Day, Khawaja Farid Day as well as observing death anniversary of Kemal Atturktur. Thank you all for this collaboration and cooperation to exhibit photographs of the holy relics placed in Topkapi Museum. Today we have the fragrance of these objects that have come to us from past as if we are inhaling the scent of the holy rocks. We can witness exceptional meaning being reflected through them. All these holy objects are precious to us and connect us with our spiritual values. Historians account that once Sultan Saleem I could not sleep for several days and discussed this matter with his courier who shared a dream with Sultan in which he saw Egypt and Hijjaz as a part of Ottoman Rule. On hearing this, Sultan launched a campaign and on reaching Cairo declared himself Khadim-ul-haramain Al-sharifain instead of Hakim-ul-haramain Al-sharifain. During his peaceful rule, he collected these relics and brought them to Turkey where he kept them in Topkapi Palace, decorated the rooms and deputed Huffaz-e-Quran to recite Holy Verses. These items not only enlighten and strengthen our faith but also fill the gaps of knowledge about our religion. I once again thank the Vice Chancellor on providing us with this opportunity to share this Holy Treasure with the people of Bahawalpur.

Iqbal Day at the Islamia University of Bahawalpur in Collaboration with the Rumi Forum

The Iqbal day celebrations 2012 at the Islamia University of Bahawalpur will be remembered in the history as a unique event. Chairman Rumi Forum, Mr. Harun Köken on the invitation of Professor Dr. Muhammad Mukhtar arrived in IUB in the afternoon of 8th November accompanied with his two colleagues. Prof. Murat Yilmaz and Prof. Suhail Aziz in connection with the inauguration of the Sacred Trusts Display. Students, faculty, and people of Bahawalpur completely benefited from this opportunity. Worth mentioning here is that the famous Sufi saint of Southern Punjab Hazrat Khawaja Ghulam Farid's birth anniversary (celebrated with Islamic calendar) this year was also on 9th November. On this occasion, Prof. Dr. Muhammad Mukhtar extended his gratitude on behalf of the IUB faculty members, staff and students besides the citizens of Bahawalpur and highly appreciated the Turkish delegation's cooperation and visit to provide a rare chance to the people of Bahawalpur to view the most valuable objects of the Sacred Trust. He paid rich tributes to Allama Iqbal, Moulana Rumi and Khawaja Farid over their highly impressive and inspirational poetry and philosophy which helped a lot to change people's life. Chairman, Rumi Forum, Turkey, Harun Köken briefed the history of collecting the sacred objects of the Holy personalities and remarked that the nations who remember and follow their leaders and forefathers surely succeed and gain progress. He also paid rich tributes to Allama Iqbal, Khawaja Ghulam Farid, Moulana Jalal ul Din Rumi and the founder of the Modern Turkey, Kemal Attaturk whose death anniversary was observed on November 10th. He assured that the Rumi Forum would fully cooperate with the IUB to promote academic and research activities. Turkish Prof. Dr. Murat and Prof. Suhail Aziz, IUB's Prof. Dr. Faiz-ul-Hassan Nasim, Dr. Javed Chandio and Dr. Rozina Anjum Naqvi paid rich tributes to the Holy personalities, Moulana Rumi, Allama Iqbal and Khawaja Farid in their address on the occasion and said that all these personalities had done remarkable work for human beings and we could make our lives exemplary by following their teachings and philosophy as all was based on peace, love, brotherhood, harmony, welfare, progress and prosperity. Renowned social, political and literary figure of the area, Malik Habibullah Bhutta and eminent lawyer, Mukhtar Ahmed Farani in their remarks highly appreciated the efforts and cooperation of the Rumi Forum, Turkey and the Islamia University of Bahawalpur.
It is widely accepted fact that Dr. Allama Iqbal (1877-1938) ferries through chronological distances by studying Rumi's Masnavi. He declares Hazrat Jalal-ud-Din Rumi (1207-1273) as "Pir-i-Rumi (The master from Anatolia); and he names himself as "Murid-i-Hindi (The Indian disciple)". According to critics Allama Iqbal really deciphered the teachings of Moulana Rumi and there is so much spiritual coherence in the teaching of both them, that sometimes Iqbal's teachings and spiritual influence is considered as two bodies with similar souls. People even believe that Masnevi basically further decipher Quranic teachings and Allama Iqbal always talked about 'Merd-i-Mu'min' a person who completely followed teachings of Allah and his Prophet (P.B.U.H.). For young generations, linkage of Iqbal and Rumi is an example of searching the truth in teaching of our predecessors that put us very close to our religion. In Allama Iqbal’s Urdu and Persian poetry Moulana Rumi has been praised with excellent citations 14 and 76 times in respective languages. In his famous poetry book Javed Nama, Allama Iqbal completely exposes himself to the tutelage of Rumi and completes his mystic journey. In a famous poem Peer-o-Mureed Allama Iqbal finds answer for his questions in Rumi poetry. Following are three questions from Allama Iqbal and their answers from Molana Rumi poetry:

**The Indian Disciple**

Discerning eyes bleed in pain,

For faith is ruined by knowledge in this age.

**The Mentor Rumi**

Fling it on the body, and knowledge becomes a serpent;

Fling it on the heart, and it becomes a friend.

**The Indian Disciple**

I have mastered knowledge of both the East and the West,

My soul suffers still in agony.

**The Mentor Rumi**

Quacks sicken you more;

Come to us for a cure.

**The Indian Disciple**

What is the secret of knowledge and wisdom?

And how to be blessed with passion and pain?

**The Mentor Rumi**

Knowledge and wisdom are born of honest living;

Love and ecstasy are born of honest living.

Relics, a part of the body of a holy personality or his belongings, preserved carefully for veneration, are an important aspect of a religion.
