To Whom It May Concern,

I am pleased to recommend Maria Khan, a student of Islamia University Bahawalpur (IUB), for her application to pursue a Master's degree in Computer Science under the Chinese Government Scholarship (CSC) at Wuhan University, China.

I have known Maria as her [Professor / Lecturer] in the Department of Computer Science. During this time, she has shown excellent academic performance, strong analytical skills, and a keen interest in research, particularly in the field of IoT and AI-enabled smart systems.

Maria is hardworking, responsible, and motivated to excel in her studies. I believe she has the capability and determination to succeed in her Master's program and will make valuable contributions to the university.

I highly recommend her for the CSC scholarship.

Sincerely,
